INFO. REPORT NO.

- Every Tugoslav Army and division has a certain amount of Soviet amounition stored in its munitions depots. Furthermore, there are three major depots in Yugoslavia containing ammunition. They are the following:
 - The Grmosnica arsenal in Zagrab. This has a "light Soviet munitions" section for semi-automatic and automatic weapons of small caliber.
 - The Arandjelovac depot near Belgrade. Supplies the Belgrade Military Zone and contains ammunition both for light weapons and for mortars, anti-aircraft guns, anti-tank guns, and 12.6 mm. machine guns.
 - The Skoplje munitions depot. This contains ammunition for light and medium armament as well as for heavy guns, heavy mortars, and flame throwers
- 2. KNOJ units are equipped exclusively with Soviet armament and consequently have large stocks of Soviet ammunition at their disposal.
